

Low or No Cost Medical, Dental and Vision Care

What is KidsCare?

KidsCare is Arizona's health insurance for children under 19.

Children age 18 and younger who qualify can get medical, dental and vision services -- all three services combined in one simple plan.

Who can qualify?

A child age 18 or younger who is:

- a resident of Arizona
- either a U.S. citizen or a qualified eligible immigrant - regardless of the status of the parents
- not currently covered by other health insurance
- a member of a family that meets the KidsCare income requirements below:

Family Size	Count each child, their parent(s) and/or step-parent(s) living in the home. If someone is pregnant, count each unborn child.						Each added person
	1	2	3	4	5	6	
Monthly Income*	\$1,734	\$2,334	\$2,934	\$3,534	\$4,134	\$4,734	\$600.00

* **Monthly income** means all the money your family gets during a calendar month, before any taxes or deductions. If you are paid weekly, KidsCare counts 4.3 times your gross weekly pay. If you are paid every other week, KidsCare counts 2.15 times your gross biweekly pay.

KidsCare cannot say for sure whether your family qualifies unless you apply.

This information is to help you decide if you want to apply. Applying for KidsCare is simple and easy and can be done by mail. There are no interviews, so no one has to miss work.

Free assistance in filling out the application is available by phone.

Call **(602) 417-5437...**

...or call **1-877-764-5437** toll-free from area codes **520** and **928**.

What does it cost?

KidsCare is inexpensive. How much a family pays is based on family income and the number of children who qualify. KidsCare will cost no more than \$25 a month for one child or no more than \$35 a month no matter how many children are in the household. Native Americans receive KidsCare at no cost.
